

# Partner Services

## HP EVA Packaged Demonstration

### DESCRIPTION

A Partner Services consultant will demonstrate a typical HP EVA configuration around a Windows environment

### DELIVERABLES

Demonstration of the following:

- Accessing Command View
- Creating a Disk group on the EVA
- Creating Vdisks on the EVA
- Adding a Host onto the EVA
- Presenting a LUN to a Windows host
- Demonstrate an EVA controller failure
- Copying data to a LUN and demonstrating a data path failure
- Basic snapshot creation and presentation within Command View

### CUSTOMER BENEFITS

The customer will benefit from the technical experience and expertise in a guided demonstration  
The customer will have confidence they can proceed with the product evaluation with the knowledge gained from the demonstration  
The customer will benefit from a full interactive session with the ability to 'have a go themselves' if desired  
The customer will save time and future discrepancies that may otherwise occur from an unguided, literature based product brief

### ENVIRONMENT

The EVA demonstration will consist of:

- All demonstration servers will be installed with MS Windows 2003
- Using HP c class Blades and HP Proliant DL servers
- An EVA 4000
- Cisco SAN switches
- Management server running HP Command View EVA
- Microsoft MPIO software
