Symantec Storage Exec Packaged Demonstration

DESCRIPTION

A Partner Services consultant will demonstrate a typical Storage Exec Report that will highlight how to create reports and notifications.

DELIVERABLES

Demonstration of the following:

- Overview of Symantec Storage Exec
- Overview of Storage Exec Interface
- Basic Storage Reports
- Basic File Type Reports
- Overview of Various Reports available
- Notification methods
- Demonstration of File Management using Storage Exec
- Installation of Remote Agents

CUSTOMER BENEFITS

The customer will benefit from the technical experience and expertise in a guided demonstration.

The customer will have confidence they can proceed with the product evaluation with the knowledge gained from the demonstration

The customer will benefit from a full interactive session with the ability to 'have a go themselves' if desired.

The customer will save time and future discrepancies that may otherwise occur from an unguided, literature based product brief.

ENVIRONMENT

The VMware demonstration will consist of:

- A Windows Server with Storage Exec
- A separate Windows Server to have a remote agent installed
- Additional SAN Storage (on request) for Disk Reporting
