

Partner Services

HP VMware ESX & Virtual Center
Packaged Demonstration

DESCRIPTION

A Partner Services consultant will demonstrate a typical VMware environment consisting of an ESX Server, Virtual Machine Deployments & Virtual Center

DELIVERABLES

Demonstration of the following:

- Overview of ESX Server
- Overview of ESX MUI Management Interface
- Creation of a Virtual Machine
- Adding additional hardware to VM
- VM OS Deployment
- Installation of VMTools
- Installation of VMware Remote Console
- Virtual Machine Management
- Virtual Machine Cloning
- Overview of Virtual Center

CUSTOMER BENEFITS

The customer will benefit from the technical experience and expertise in a guided demonstration

The customer will have confidence they can proceed with the product evaluation with the knowledge gained from the demonstration

The customer will benefit from a full interactive session with the ability to 'have a go themselves' if desired

The customer will save time and future discrepancies that may otherwise occur from an unguided, literature based product brief

ENVIRONMENT

The VMware demonstration will consist of:

- An ESX Server available on a Blade Server
- Virtual Machine(s) with MS Windows 2003
- A Separate Windows Server with Virtual Center installed
- Additional SAN Storage (on request)
